TEAM BEECHWOOD NEWS

Carpmonsters have landed!

Andrew Grover and John Warden made it safely over to France to compete in the World Carp Masters at Lac Du Der. It kicked off on 10th Sept and the guys worked tirelessly all week in the hope of bagging some winning fish. Unfortunately it wasn't to be, the water fished hard and the only fish seen were in the south, hardly a splash in the north end were our guys were. A fantastic effort put in by these guys and we are proud to have them representing us

Welcome on board Barry Smith

Beechwood Baits are very proud to have a fantastic team of passionate and experienced anglers on board, and its important to us that we have a diverse group to cover all aspects of fishing and really put the baits to the test. Barry Smith is regularly out on the bank fishing with our match team members and it felt right that he became part of the team too, he's already done really well on several different waters since joining us and he is a perfect addition to our Beechwood family!

This months new addition.....

10mm Trigonella hook baits, these little beauties have been getting some fantastic results all over the place!

CRACKING CUSTOMER CATCHES!

Two of our very valued customers have had spectacular results and have very kindly shared their success stories.

Mark Holbrook on a trip to France at the end of August did brilliantly Banking mirrors and commons to over 30lb, culminating in a new PB of 33lb 8oz, Mark fished at just under 100 yards range, and landed no less than ten big carp all on the musselberry!

Alan Johnson, a loyal customer since the very beginning, chooses Excelsor as his weapon of choice on the bank. Have a look at this video which tells his story. [Click here for the video](#)
