

# Beechwood Baits Ltd.

Get more out of what you put in.

Well, that's it, the festive period is complete, the new year begun, and team Beechwood are looking forward to a fantastic and busy 2017!... We've lots of exciting plans in the pipeline, and the team are fired up ready for the year ahead! In the meantime, we'll take a quick look back on December ....

Why not check out our Facebook chat page, ask the team some stuff on rigs or tactics, ask about the baits, venues or whatever you want to talk about! [Feel free to join in!](#)

## TEAM BEECHWOOD NEWS

This lovely lot took a trip out to Blakemere early December, conditions were tough, -4c to be exact but it didn't stop them giving it their best shot! Unfortunately, no fish in the net but a good time had by all!

**For all your winter fishing needs..**

## BEECHWOOD NEWS

**Beechwood are getting ready For NAS 5 in April!**

**Coming soon.....**

We have a new bait in development which we are looking to launch over the coming weeks, keep your eyes peeled for this awesome bait, which we're confident will enhance your fishing experience!

**Take a look at our video on youtube:**

### TIP OF THE MONTH by Gav

Solid PVA bags can be very effective in cold water when the carp aren't particularly mobile, or in the mood for a big feed. Check out my 'Liquid PVA' blog to read about how I make mine.

Top left and top right—Brian at Rosemary wood, top middle—Barry Smith bagging a nice net of silvers in cold conditions. Bottom left and right—Brian and Neil out with the kids enjoying a day on Rosemary wood .
