## TEAM BEECHWOOD NEWS

Exciting changes have been taking place over the last few months:

**Neil Thomas** has taken on the role of Team Beechwood Manager. He will be heading up the whole team, and leading the charge on bringing more and more exciting attributes to what we do through the team. He's already looking at events, promotions, links, activities and much more. He's a super nice guy and ultra 'carpy', he's awesome!

We have appointed **Lee Colford** as Beechwood Media Manager. In his new role Lee will not only continue with his many adventures in video and carpy imagery, but he'll also be adding lots more besides.

## RECENT CATCHES

At the end of Feb **Lee Colford** on a quick overnighter had a beautiful 23.4 ghostie, and a 17lb common amongst others fished on single white trigonella pop up!

On a recent visit to the Quarry, **Gav Astley** hooked a sensational fish on a single musselberry red hook bait. "The Dolphin" a 30lb 11oz beauty, as well as smashing his tench record. Its safe to say, Gav is one happy chap!

**Ethan Galli**, Beechwoods youngest member had a fantastic achievement smashing his PB twice on the same session 19.9lb followed by a 25.10lb common! Excellent work Ethan!

He'll head up bringing more articles, more videos tutorials, blogs, reports and more through the whole team at Beechwood. Keep your eyes and ears peeled for the gorgeous, edgy carpy stuff he'll be bringing your way!

**Mark Galli** has accepted the role of Team Beechwood Youth Coordinator! In this super exciting new position, Mark is going to be offering loads to the youth of our sport, the next generation of carpers. Mark is already on the road setting up loads of events and links to help give as much as we can to support the youth of carp- ing everywhere. With Team Beechwood Angler Ethan by his side, Mark will move mountains to bring loads of exciting stuff to the young carpers of today,

**Anthony Tolley** also using the Trigonella range banked four fish up to 22lb 8oz's, brilliant angling!

One of our newest Team Beechwood members **Liam Watts** put the Trigonella to good use recently, hooking three fish and banking two stunning carp. The mirror marked a new PB at 22lb 4oz, and the common went back un-weighed, simply admired!

**Brian Coakley**, another of team Beechwood newest members has been smashing up the water with a stunning collection of fish at Milton green and Lloyds Meadow recently

who are writing the future history of carp- ing for us all.

## TIP OF THE MONTH

"Get out on the bank at this time of year in the warm afternoons WITHOUT your rods, and go to your water with some polaroid's. You'll learn a lot about the fish you're chasing"

**Simon Jackson**, on a recent trip to France has had a very successful trip banking several fish to 44.2lb

Finally, a lovely 20.8lb mirror for **Steven Schofield** on a Trigonella pop up earlier this month.

Fantastic stuff team! Great angling!

Trigonella, our new bait launched in February, has already proved to be a very popular choice!
