Get more out of what you put in.

November has been a very mixed bag regarding fishing conditions, but team Beechwood have still been busy, we've loads of blogs for you to enjoy and we held a very successful question and answer session mid month which got lots of you talking, sharing plenty of ideas and tips!...

Why not check out our Facebook chat page, ask the team some stuff on rigs or tactics, ask about the baits, venues or whatever you want to talk about! [Feel free to join in!](#)

## TEAM BEECHWOOD NEWS

We had over 100 people online with us on our question and answer session, their was a fantastic level of involvement! All sorts of people too, carpers, match guys, tackle companies, bait companies. All in all, a great success! We even ran a little competition, for the best question asked, and the recipient of the excelsor session pack prize was Stewart Game! Well done Stewart!

We'd love to hear your thoughts on our product and service, please visit our [feedback form](#) and let us know!

Team manager Neil Thomas was featured last month In Big Carp magazine talking about his trip to Crete Lakes. A fantastic write up and jolly good read! Nice one Neil!

**TIP OF THE MONTH by Ant Tolley** - Now the rig I use is not new by any means but one I have total faith in when boilie fishing. It is the d rig, if I am fishing on a clean bottom I use fluoro and any debris I use a soft coated braid. Instead of using a rig ring to attach my baits I use a bait screw this allows me to change baits quickly if needed.

For all you winter fishing needs..
